

Open up to a fresher way
to deliver your cargo

SINGAPORE AIRLINES CARGO
THRU FRESH

Delivering your cargo with world class care

When it comes to delivering perishable cargo, you need optimal conditions and stringent handling methods to keep your goods fresh.

THRUFRESH is a Singapore Airlines Cargo service that brings together the latest technology with the highest level of care, ensuring your cargo stays fresh, even when it's half the world away.

GLOBAL CONNECTIVITY

Our extensive flight network means you can get your perishable cargo delivered to more than 100 cities around the world on time.

SPECIALISED STAFF

Our staff are trained to handle your perishable cargo with the highest level of care. From monitoring conditions to handling a wide range of perishable cargo with customised solutions, we are committed to ensuring your shipment arrives at its best.

CONTINUOUS COLD CHAIN

Swift ramp transfers, priority uplifts and on-tarmac solutions protect your cargo and ensure maximum freshness from origin to destination.

TEMPERATURE-CONTROLLED FACILITIES

Equipped with electronic temperature monitoring technology and cold rooms with variable temperature settings, our cold chain facilities in Singapore provide optimal conditions so your cargo always stays fresh.

STANDARDS YOU CAN TRUST

We are the first airline to obtain the IATA CEIV Fresh certification across Southeast Asia, Southwest Pacific and India in 2021. So you can rest assured that your perishable cargo is transported with the highest standards of safety and efficiency.
