

## **Implementing Guidelines for the Product-Specific Rules of the ASEAN Trade in Goods Agreement**

### **0. Explanatory Note**

The Implementing Guidelines (hereinafter referred to as “the IGs”) have been developed with the intention of facilitating the understanding of the Product-Specific Rules (hereinafter referred to as “the PSRs”) of the ASEAN Trade in Goods Agreement (hereinafter referred to as “the Agreement”). The IGs do not form part of the Agreement and in case there is any conflict between the IGs and the Agreement, the provisions in the Agreement will prevail.

The IGs is treated as a living document that may be modified through revision and agreement by the Sub-Committee on ATIGA Rules of Origin (SC-AROO), as necessary.

### **1. Implementation of the Break-down Rules**

To classify which of the break-down rules will be applied to a good that fall within one of the Harmonized System (HS) number as specified in the table below, the origin criteria should be understood as the following:
